

the arrl petition RM-10867 is a good plan in one way but they want to keep the morse code test for extra class exam even if a person pass the extra class written test then the morse code would be a stumble block for the person who took the extra class exam written test i ask the fcc to drop the morse code test for all hf exams so everybody can get any license they want some countrys have drop the morse code test for all the hf exam why should the usa keep a stumble block for any person yhat cant pass the morse code for any hf bands thank you.
